Oil & Gas

We specialize in a wide variety of different types

Explosion Proof

Rotary Vane

Vacuum : Process, Laboratory, Refinery

End Suction

Rotary Lobe

-Liquid Ring
-Water Based

Single Suction Split Case

Screw

-Oil Based

Double Suction Split Case

Scroll

-Single Cone

API Process Pumps

Regenerative Turbine

-Two Stage Water Ring
-Rotary Vane (fixed & movable)

ANSI Process Pumps

Vertical Turbine

Sumps:

Magnetic Drive or Canned Motor

Axial Flow

-Effluent

Vertical Sump/Vertical Line Staff

-Grinder

Piston

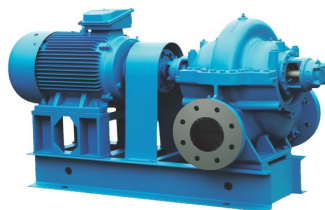

Self Priming

-Non-Clog

-Slurry

Rotary Gear
